INTRODUCTION

This is the 136th Sailing Season at the Royal Queensland Yacht Squadron. Seasons racing has been a regular part of the Squadron's activities during that period, first on the Brisbane River, and then on the bay, predating the clubs move to its current location in Manly.

The Squadrons events for Division Yachts are split into four (4) types of events: Short Passage Races, Long Passage Races, Round the Cans and Regattas.

The **Squadron Championships** is a sub-series is based on the results from specified weekends (specified in the [2020/2021 Sailing Program](#)) in all three formats over the season with the addition of the Myora Cup Yacht Race which has its own Notice of Race and Sailing Instructions.

Regattas are run separately to Seasons Points and are governed by their own Notice of Race and Sailing Instructions. These Regattas are run to slightly different formats, with Goodwill Cup (November) and Division Yachts Heineken3 Cup (July) being a mix of Passage Races and Round-the-Cans, and the Canaipa Cup and Commodores Ocean Classic Cup regattas being "destination" weekends to Canaipa and Mooloolaba respectively.

ENDORISING SAFETY EQUIPMENT AUDITS

SAFETY FIRST

As part of a national incentive by Australian Sailing, RQYS will be adopting 'Whole of Fleet' Safety Audits appropriate to your race category starting from the beginning of the 136th Sailing Season.

So why extend equipment audits to all of our fleet?

The simple answer is compliance and good safety practice within the club. We have a Duty of Care to those participating in RQYS events and this extends beyond RQYS responsibility to boat owners and skippers.

Nationally, self audits have not, in the majority of cases, been completed to a satisfactory standard and it is our intention to engender into our sailors a culture of safety which benefits us all.

Chris Morgan, a division yacht owner and Queensland's Senior Sailing Australia Equipment Safety Auditor, has agreed to undertake the management of this program alongside the sailing office.

- All yacht owners and off the beach boats will be required to complete the appropriate Sailing Australia category form applicable to the club racing they intend to enter.
[Off the Beach Checklist](#) (most recent version at July 2019)
[AS SR Safety Equipment Checklists](#)
- Owners will then be required to contact an RQYS approved auditors to arrange an inspection and sign off.
- For off the beach craft and school boats the form is very simple for 'Safety Officers' to undertake this task on race days.

It is not our intention to be heavy handed and disqualify boats that do not have an audited form on race day, but we want all participants to build a culture of safety in the club from the juniors up.

Starting in September 2019, Chris and his audit team will be running an information night after WAGS and providing articles in "In The Wind" to help you prepare for an audit.

Below is a list of our current RQYS auditors and we will be running an additional course in September to approve further auditors. If you are interested in becoming an auditor please contact Chris, it would be great to get some Multihull and Etchells owners involved.
