

~ Founded 1885 ~

After careful consideration we need to inform you that, effective 1st May 2025, there will be an increase in the fees of our Dinghy Hardstand Storage. We've made this decision for reasons which will help benefit the active sailing community, as well as cover increasing overhead costs.

What's New?

With the price adjustment, we are excited to announce a new benefit that will be included with your storage: entry into RQYS Season's OTB Club Racing. This means that, as part of your hardstand storage, you will now have access to participate in season club racing without additional entry fees.

Why the Change?

Our goal is to prioritize active boats and ensure that members who are regularly participating in events and making the most of our facilities are given priority when it comes to storage space. By linking storage to racing participation, we hope to encourage more activity on the water and reward those who are actively involved in our sailing community.

Please find attached document which outlines the new fees as of 1st May 2025.

If this new arrangement does not align with your needs, and you wish to terminate your agreement please inform the Sailing Office of your plans at your earliest convenience, and ensure the space is vacated by COB 30th April 2025.

We appreciate & look forward to your continued support and involvement. If you have any questions or concerns, please don't hesitate to reach out.
