SAFETY FIRST

As part of a national incentive by Australian Sailing, RQYS has adopted 'Whole of Fleet' Safety Audits appropriate to your race category.

So why extend equipment audits to all of our fleet?

The simple answer is compliance and good safety practice within the club. We have a Duty of Care to those participating in RQYS events and this extends beyond RQYS responsibility to boat owners and skippers.

Nationally, self audits have not, in the majority of cases, been completed to a satisfactory standard and it is our intention to engender into our sailors a culture of safety which benefits us all.

Chris Morgan, a division yacht owner and Queensland's Senior Sailing Australia Equipment Safety Auditor, has agreed to undertake the management of this program alongside the sailing office.

- All yacht owners and off the beach boats will be required to complete the appropriate Sailing Australia category form applicable to the club racing they intend to enter.
[AS SR Safety Equipment Checklists](#)
- Owners will then be required to contact an Australian Sailing approved auditor(s) to arrange an inspection and sign off.

This is a compliance required under RRS 75 "entering an event".

Below is a list of our current RQYS auditors. If you are interested in becoming an auditor please contact Chris Morgan.
